## ZigBee Smoke Detector

Part No: ECM\_ZSD\_01

### Feature Highlights:

ZigBee Smoke Detector integrates with ZigBee technology system to protect your room from smoke and fire. It can catch you off guard while you're in a deep sleep. Fires and smoke inhalation injure and kill many people each year. ZigBee Smoke Detector is able to inform ZigBee wireless chipset transmission to security system when smoke is detected. The server is able to take readings furthermore to be on guard measure and phone notification.

### Specification:

Wireless connection	2.4GHz ZigBee / IEEE 802.15.4
Remote distance	10 - 15 meters
Operation voltage	DC9V
Operation environment	Temperature: -20°C to +50°C Humidity: 95% RH
Receiving sensitivity	-97dBm
Network	MESH End Device
Alarm current	< 20uA
Alarm indication	Red LED light
Standby power	< 10uA
